Dipotassium Glycyrrhizate – Helps soothe the skin and maintain a healthy condition

【产品概念 | Product Concept】

中文

本产品为基于日本专利技术开发的喷雾型净肤焕肤产品，融合“喷雾 + 清洁 + 去角质”三位一体设计，实现高效且便捷的肌肤护理体验。

通过低粘度喷雾形态，产品可均匀覆盖肌肤表面，在轻柔按摩过程中，帮助带走老废角质与毛孔污垢，使肌肤恢复细腻、清爽状态。

配方中添加裸藻提取物、卡卡杜李果提取物、樱叶提取物等植物成分，在清洁同时兼顾肌肤调理与保湿平衡。

适用于面部及身体护理，尤其适合夏季、角质堆积明显或需要快速清洁的使用场景。

English

This product is a patented Japanese spray-type exfoliating cleanser that integrates cleansing, exfoliation, and skin conditioning into one step.

Its low-viscosity spray allows even application across the skin. With gentle massage, it helps lift away dead skin cells and impurities, leaving the skin smooth, clean, and refreshed.

Enriched with botanical extracts such as *Euglena gracilis* extract, Kakadu plum extract, and *Prunus yedoensis* leaf extract, the formula supports skin conditioning while maintaining moisture balance.

Suitable for both face and body, especially ideal for daily use, seasonal care, and quick cleansing needs.

【专利技术 | Patented Technology】

中文

“喷一喷，揉一揉，脏东西看得见”

本产品采用日本专利技术，通过特殊配方结构设计，使产品在使用过程中呈现出独特的清洁方式。

简单来说，这个配方可以做到：

喷出来时是清爽的液体，容易均匀喷开

轻轻揉搓后，能把皮肤上的老废角质和污垢**“卷出来”，形成可见的小颗粒（搓泥效果）**

帮助更直观地看到清洁效果，让使用体验更有感知

同时，这一技术还带来几个实际好处：

少量即可覆盖大面积肌肤，使用更省

清洁过程更快，提升使用效率

配方稳定，不易分层，产品品质更可靠

此外，该产品不仅适用于日常护肤，也可延伸至不方便频繁洗浴人群的清洁护理场景，具备更广泛的应用可能。

English

“Spray, rub, and see the cleansing effect instantly”

This product is developed based on a patented Japanese formulation technology that enables a unique and visible cleansing experience.

In simple terms:

It sprays as a light liquid that spreads easily across the skin

With gentle rubbing, it helps lift away dead skin cells and impurities, forming visible particles (peeling effect)

This makes the cleansing result more noticeable and easy to understand

Key benefits:

A small amount can cover a large area → more efficient use

Quick cleansing process → time-saving

Stable formula → no separation over time

In addition to daily skincare use, this product also has potential applications in care scenarios, such as cleansing for individuals with limited mobility.

【适用人群 | Recommended For】
